

How Unity, Integrity, Consistency and Harmony Work

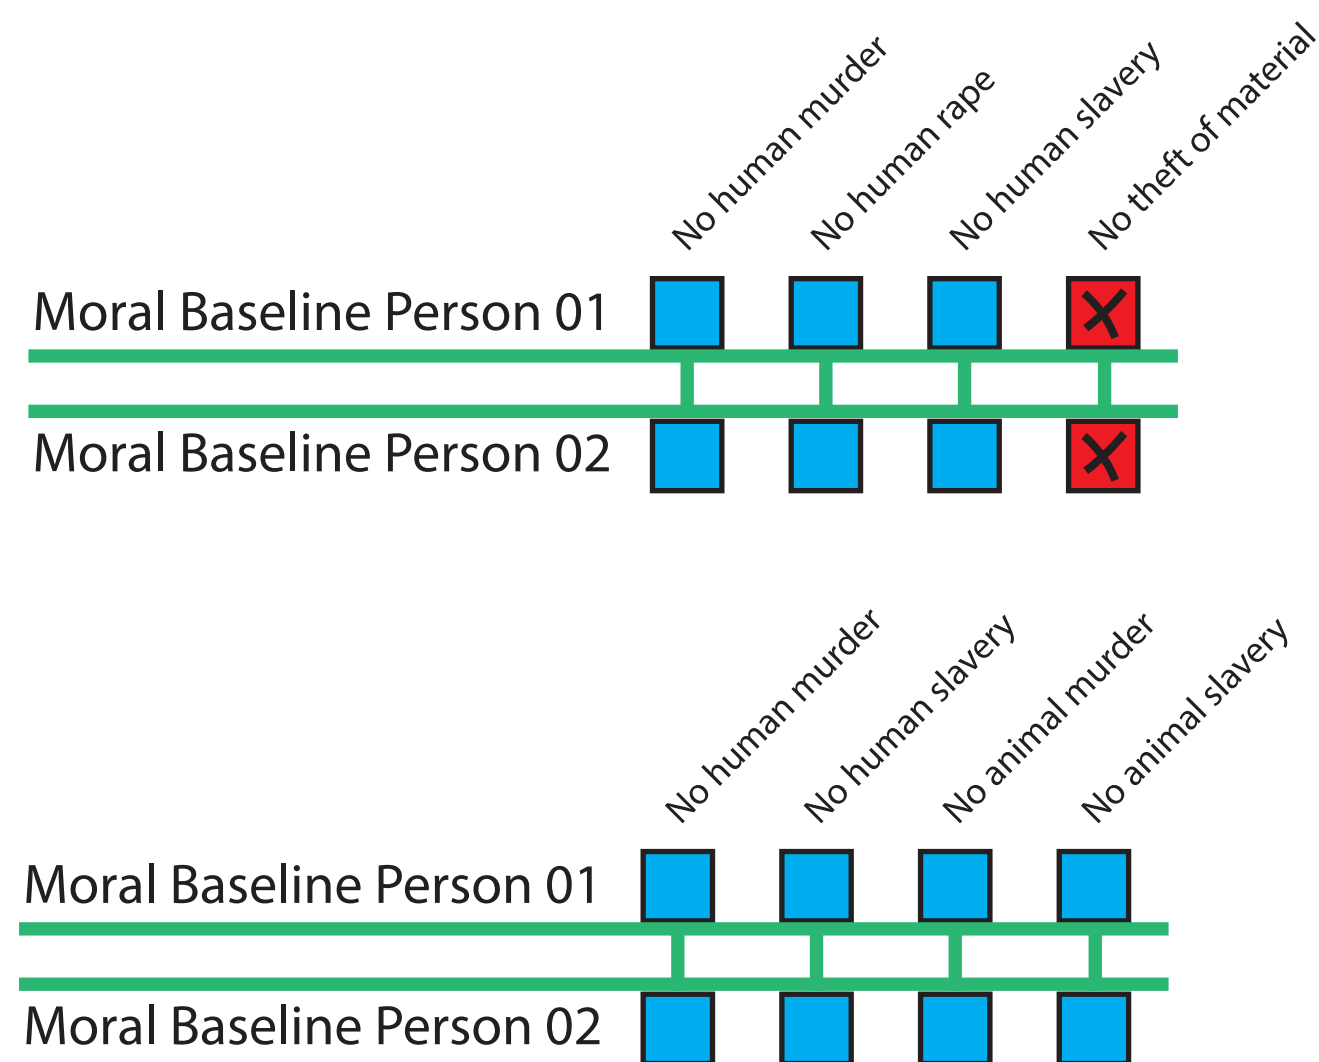

evolveconsciousness.org

True Unity works from a common Moral Foundation, a Moral Baseline.

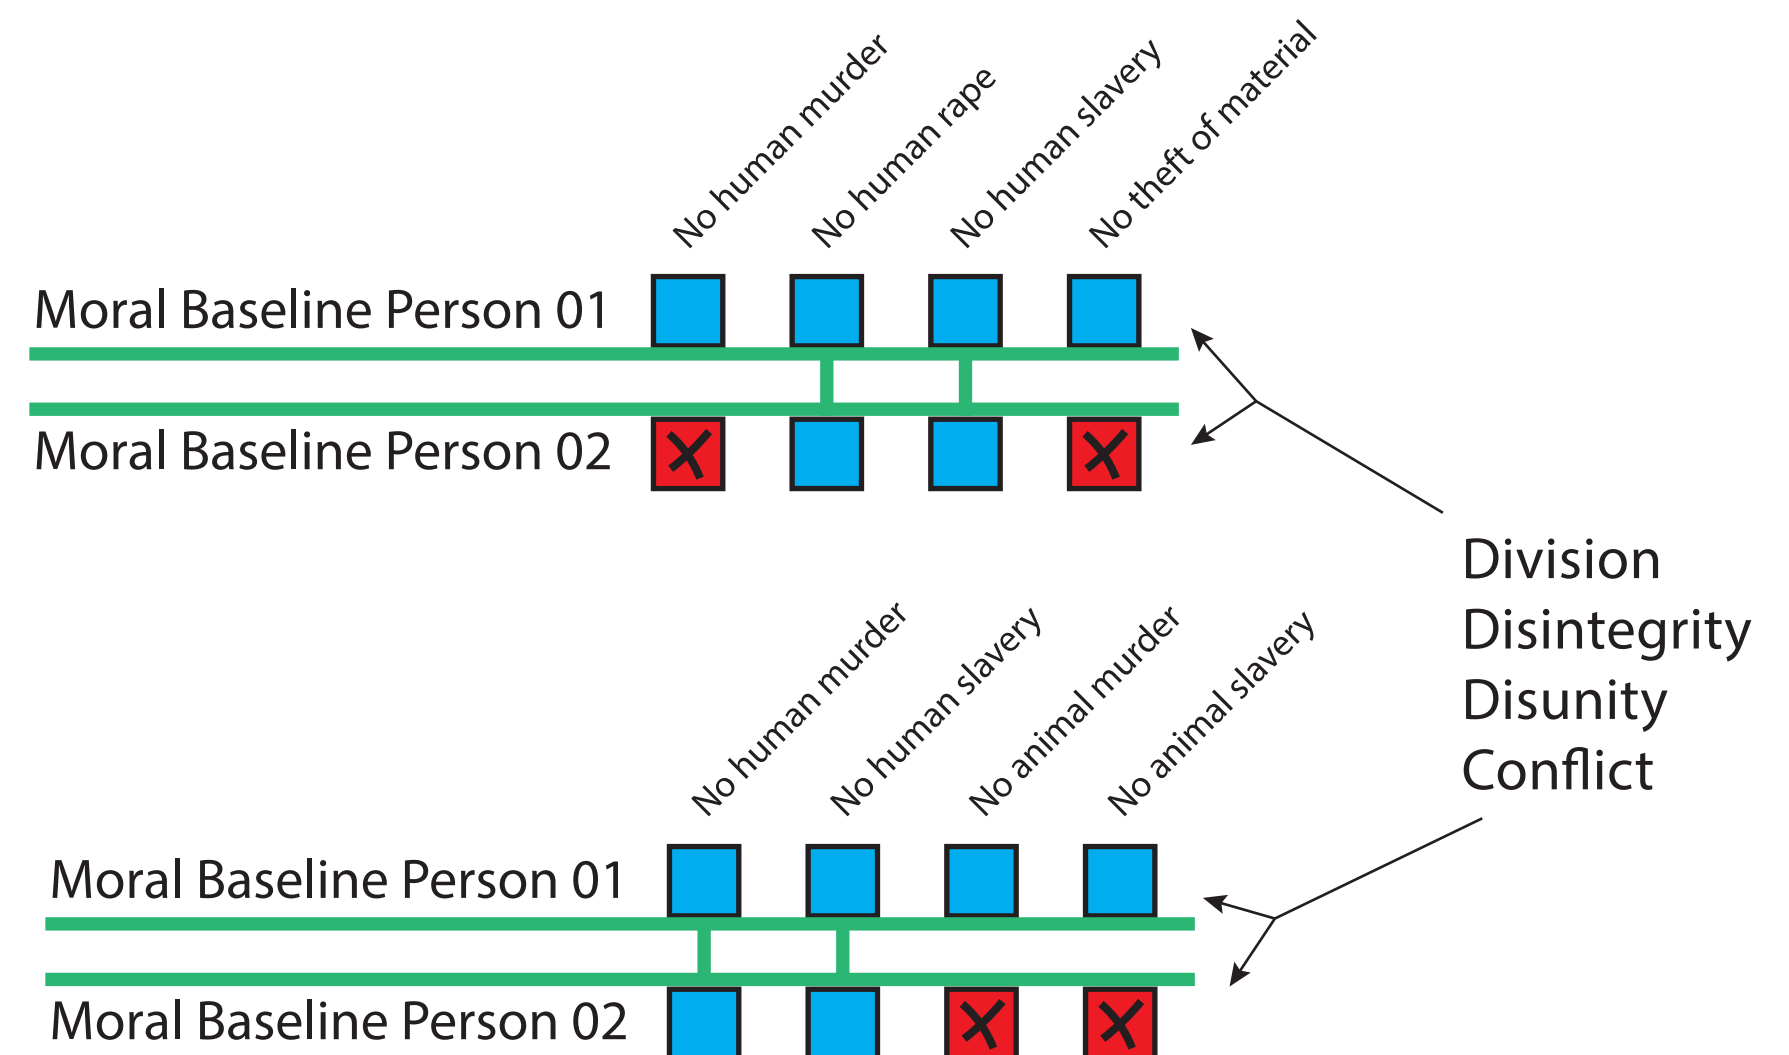

- Step 1 - Understand what Morals you are aligned and integrated with.
- Step 2 - Understand what Morals others are aligned and integrated with.
- Step 3 - Compare your Foundational Baseline for living with others.
- Step 4 - Truly Unite with those at your Moral Baseline to create at that level.

- Contradiction, inconsistency and disintegrity cannot create True Unity.
- Trying to force and coerce "unity" through contradictory Moral Baselines is not unity, integrity, harmony or consistency.
- You cannot have true moral unification if there is contradiction.
- Coercive false "unity" leads to a conflicted internal state of being due to sacrifice and compromise of a Foundational Principle of Moral Truth.
- Uniting in Moral Truth allows us to create a real, lasting, effective future of True Freedom and Peace, in our localized area of living, and expand it.

Alignment and Unity work through common Morality or Immorality, not contradiction.

Capable of creating on the same level of moral alignment. Both non-conflicting, but bottom is based in fuller Moral Truth.
